

## Le Conseil Municipal savoure l'été

Finally, a last deliberation was necessary before the holidays of the municipality and it only took a quarter of an hour... The whole council was gathered for a meal of grills, salads and home-made desserts, with spouses and children and even Tango the dog! The atmosphere was relaxed, after already three years of mandate during which many «works» have been realized or started, various works and purchases completed, several projects put in route and actions concretized. At the chapter renovation, that of the roofs of the church, of the school and of the municipality, that of a housing belonging to the commune, as well as the modernization of the toilets of the pupils. A columbarium is being installed in the cemetery. An audit is in progress by the SDEGH and Soleval for the energy renovation of the hall. The addressing is finished, the first phase of the PLU approved after the agreement on the PADD. Material for the maintenance of the commune - tractor-mower, hedge-trimmer...-, for the functioning and the securing of the school - shelves, computers - and for the adaptation to the new administrative norms of the municipality secretariat - renewal of computer park - has been acquired. The municipal staff - secretary, maintenance agent - has been titularized, the communication dematerialized with the citizens - Info mairie-, instituted, the support to associations - Hunting, Festival Committee, ASCV - reinforced, the continuation of the participation in the good functioning of the RPI and the defense of a threatened class, assured. All this favors a good quality of life in the village and serene relations between the inhabitants. But this evening, the hour was for relaxation!
